A pretty dance was given in honor of the saint's day of Mrs. H. K. Chenoweth Thursday night at Marsh's hall by her many Nogales friends. There were a large number of people out regardless of the rain and a general good time was enjoyed. On Wednesday night many friends called at Mrs. Chenoweth's home with an orchestra. They also took a lot of good things to eat and surprised the lady, with a small banquet.

The True Remedy.

W. M. Repine, editor Tiskilwa, Ill., "Chief," says: "We won't keep house without Dr. King's New Discovery for Consumption, Coughs and Colds. Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home, as in it we have a certain and sure cure for Coughs, Colds, Whooping Cough, etc." It is idle to experiment with other remedies; even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy has a record of cures and besides is guaranteed. It never fails to satisfy. Sold by Chenoweth & Mix.

SONORA NEWS.

Mining and Other Items from Our Sister State.

Juan Maldonado (Tetabiate) chief of the Yaquis, will visit Guaymas in a few days with his secretaries.

The commencement exercises of the Guaymas public schools will begin July 15.

Three American sailors got into a drunken row at Guaymas the other day and considerably beat each other up.

Eighty Yaqui families have just taken land in severalty on the Yaqui river and will devote their time to farming.

The young men of Guaymas have organized an athletic club and now have twenty active members. It will be run on the plan of the Nogales athletic club.

The soldier R. Gallagos, who stabbed Sergeant Antonio Martinez of the fifth regiment, nine times in the back at Torin, recently, is now being court-martialed for the crime.

The town of Santa Ana has an air of prosperity these days and many new buildings are going up. Business is good and merchants are doing well. The increased traffic between that town and Altar is the main cause of the business stir.

A. B. Gibson of Cerro Colorado, and M. W. Burwell of New York, have formed a partnership of Gibson & Burwell for the working of the Anarillas and the Yaqui mines in the Altar district. The mines were operated by a California company some fifteen years ago, but owing to dissension in the company were abandoned just as they were brought to a profitable issue. They are both free milling gold propositions.

A CHILD KILLED.

A Brother Shoots his Little Sister.

A little 8-year-old daughter of Thos Adair was killed at Fairbank last Saturday by her 7-year-old brother.

During the momentary absence of an elder sister, a brother seven years old, got a small double action pistol saying he was going to shoot a rabbit. The sister who was killed tried to take the pistol away from him and grasped it by the barrel and in the scuffle the pistol was discharged the ball passed through the child's heart. At this moment the eldest sister, 13 years old, returned to the house and saw the little one breathe her last.

CRISP NOTES.

Duquesne and Washington Camp Notes.

WASHINGTON CAMP, July 9.

O. K. Franklin is in Washington Camp this week.

Hon. H. W. Brady celebrated the Fourth with his family at La Noria.

O. H. Welton went to Nogales the first of the week to spend the Fourth with his brother.

The patriotic people of Duquesne are still celebrating, the majority of them being—full of enthusiasm yet!

There is an abundance of rain falling daily between the Huachuclas and the Patagonia mountains.

A man named Knock was stabbed at Washington Camp Monday by a miner in a row. Knock will get well.

The gold property of J. R. Cartys is improving as depth increases. Mr. Franklin is sinking another shaft on the ledge about 400 feet from the first, in which he has ore of good quality.

Frank Olesen, the man who was stabbed recently by Mexican Pete is getting better and will recover. Dr. Welles is doing all he can to bring him out. He was a very badly cut man.

Lieutenants Wright, Grisard and Bennett, U. S. A., stopped at La Noria Sunday and Monday in their work of drawing a map of the ranches, roads and trails on the American side of the international boundary line.

Duquesne and Washington Camps are looking well and promise to be great camps. New men are being put on every day. First class sober underground miners can get work there now. The camp is very healthy and many miners are going there from Bisbee.

A picnic was held in a grove between Duquesne and San Rafael July 3rd, in celebration of the anniversary of our nation's birth. At night a grand ball was given at the Duquesne boarding house. At the picnic there was a free lunch and ice cold lemonade and beer for the thirsty. Duquesne deserves a kind remembrance for the splendid time so thoroughly enjoyed by all.

LA COLORADA ITEMS.

News from Sonora's Great Mining Camp.

We had a few drops of rain Wednesday.

Mr. Bird of Nogales, made us a short visit last week.

The La Colorado mill is running but ten stamps this week.

Short & Co., closed their saloon in Prietas on July 5. Too much business and much needed retaliation we suppose.

Dr. A. C. Wright has returned from a recuperating trip to Nogales. He looks much better in consequence of it.

J. P. Furlong has been very busy this week selling pine apples, limes and lemons. Next we will see him riding a white horse.

Corbit and Killrain, had a battle in the Chinese restaurant on July 2. They were both knocked out in the first round. The Colonel charged them \$5 and \$10 respectively.

The remains of a man supposed to be a Yaqui, were found in a tunnel above the Grand Central shaft. Nothing but the trunk was left of him. He undoubtedly went in there for the purpose of stealing ore and fell into an old stoep where he died.

The Fourth of July dance was a grand success. At 8 o'clock, sharp, the Hotel Central was brilliantly illuminated and when the two stars of the Amarillas mounted the floor things did move. All refreshments were free. Padres had the booze but the ladies may thank J. P. Furlong for their ice cold lemonade with pine apple. At 2 o'clock the tune "We'll all go home in the morning," was played by Professor Rosepicker.

RAILROAD NEWS.

What is Going on Along the Line.

Frank Dow is now running as passenger conductor on the Sonora road. Assistant Route Agent Chas. A. Fisk returned from Guaymas Thursday night.

Miguel Peralta, formerly brakeman on the N. M. & A. is running as conductor on the Sonora.

Geo. Montague returned from Posa Wednesday where he had been looking after the washout on the railroad.

Assistant Supt. J. A. Naugle passed through Nogales last night on his way to San Francisco on railr a l business.

The heavy rain in Benson Thursday night caused three inches of water to run in the Wells, Fargo & Co.'s office.

Santa Fe men expect to see the Silver City train established again in a short time, probably by August 1 at the latest.

About 800 feet of track and two bridges were washed out Wednesday seven miles north of Posa and delayed the train several hours.

General Manager Chavez of the Mexican Federal Telegraph system passed through El Paso on his way to the City of Mexico from Chicago, where he has been superintending the construction of two private railway coaches for the use of President Diaz.

S. R. Biggs, superintendent of the Torres & Prietas railroad, came up from Torres Thursday night and went on last night to California, where he will visit several weeks resting up and regaining his lost health due from overwork and close attention to business. We hope soon to see Mr. Biggs at his post again.

The Santa Fe Pacific railroad has issued a circular affecting the wages of shop employees at Albuquerque and all points west. Machinists and boiler makers are reduced from \$3.40 to \$3.20 per day; carpenters from 25 cents per hour to 19½ cents; machinists and boiler maker helpers from 20 cents per hour to 17½ cents.

Twenty feet of the Y at Benson was washed out at ten o'clock yesterday and the heavy rush of water submerged the yards but no great damage was done. The S. P. has a large force of men at work repairing all the damage. The yards at Fairbanks were also submerged and a portion of the Y there taken out. The heavy fall of rain there was almost equal to a cloudburst.

A drunken Yaqui was run over and killed by the south bound train last Monday night and Conductor Will Broderick and crew were held a couple of days till the officers investigated the matter. It was found the railroad boys were not to blame and they were released. As the train neared Guaymas about six miles out, two Yaquis were standing in the middle of the track one with a gun drawn on the other, but they were not seen quick enough for Engineer Hale to stop the train before it passed over one fellow and killed him.
